

San Diego, June 14, 1865

My dear Mr. Smith

Can you send me some
Orchids this year in
flower, to show the pollen-
mass *Platanthera Hookeri*,
should be out now, perhaps also
P. striatata, or *P. fimbriata*.

I want them to arrive to
me as early in the week as
Wednesday. - Day next week
Thursday, or Monday of week after.

Byrrhophidium spectabile
is out I want some.

Yours always, M. G.

T. Gray
